Sea and the city

Whether it's exploring the narrow streets of Gòtico, or catching a free concert during La Mercè festival, stargazing at Bunkers del Carmel or strolling down Passeig de Gràcia - live Barcelona and make the experience yours.

Barcelona is a thriving setting for music, culture, sport, gastronomy and nightlife, famous for its cosmopolitan style and sun-soaked beaches. Barcelona has something for everyone and can be enjoyed throughout the seasons, from the biggest and best music events like Sónar and Primavera Sound in the summer, to beachside nightclubs and traditional street fiestas in the fall. Barcelona's proximity to the Pyrenees Mountains means that you can spend a weekend on the slopes whenever the desire hits. And the oasis of Costa Brava, famous for its crystal clear waters, hidden coves and renowned hiking trails, is just a little further up the Catalan coastline.

This foodie paradise is home to 22 Michelin-starred restaurants and the world-famous Boqueria market. However, the true beauty of Barcelona lies in its relaxed vibe and way of life. Patios are open all year long and there is always a cultural event or concert to go to. If you truly want to live like a local, then pull up a chair in any of Barcelona's beautiful plazas and spend a few hours chatting with friends, sharing a vermut and watching the people pass by.

Make Europe your campus

Add to your international experience by studying at one of our other campuses in Switzerland and Germany. Based on program availability, you may study a semester or full year abroad. Potential employers consider candidates who have lived in other countries and immersed themselves in different cultures to be adaptable, independent and better problem solvers. Living abroad will also expand and strengthen your global network.

Geneva, Switzerland

A hub for the world's leading international organizations, such as the United Nations, the World Trade Organization, the World Health Organization and the Red Cross, it's no wonder that Geneva is a financial center of the world. Good food, a high quality of life and easy access to other metropolises around Europe make Geneva a high-functioning cosmopolitan city.

Montreux, Switzerland

The Swiss city of Montreux sits on the north-east corner of Lake Geneva. Its old-world charm is furthered by the land surrounding it, of which 50% is heavily forested. Complemented by a dynamic population of multilinguals and known worldwide for its annual Jazz Festival, this charming city has been home to legendary artists including David Bowie, Freddie Mercury, Igor Stravinsky and Vladimir Nabokov.

Munich, Germany

The economic capital of Germany is home to a kaleidoscope of contrasts - from rococo opera halls to cutting-edge skyscrapers. Alongside old buildings, narrow streets with charming cafés and lively open-air beer gardens, you will find state-of-the-art architecture and a vibrant nightlife. Coined as the center of "laptops and lederhosen", business is also vital to the city's identity. From programs to help startup companies with logistics to a welcoming environment for multinationals, the city actively promotes the presence of business, commerce and innovation.

Visas

Before coming to Barcelona, it is essential to find out whether you need a visa to enter, travel and study in Spain. There are many requirements to fulfill in order to receive a visa and, depending on your country of origin, it may take up to three months to receive your visa. Therefore, it is important to start early and allow enough time for the consulate to process your request. The visa must be issued in your home country and is temporary, only valid for 90 days.

You will not need a visa if you are:

- A citizen of the European Union, in possession of a valid European Union identification card or passport.
- Staying in Spain for three months or less.

If the above criteria do not apply, you will need a visa before arriving in Spain. You must apply at the Spanish Embassy or Consulate General in your home country, as the visa is affixed to your passport before you depart. This must be presented to immigration officials upon your entry into Spain. Within 30 days of arrival, all international students must register as a resident and apply for either the Número de Identidad de Extranjero (NIE) or Tarjeta de Identidad de Extranjero (TIE).

We highly recommended that you complete all documents necessary for the application process as soon as possible and provide translations of all documents in any language other than Spanish.

Required documents:

- Completed visa application forms.
- Four passport-size photos (stapled onto each copy of the application).
- Medical certificate issued within the last three months.
- Final acceptance documents from EU Business School Barcelona and photocopies.
- Proof of health insurance.
- Passport valid for six months before the date of application and photocopies.

- Background check issued within the last three months.
- Proof that you have sufficient funds to support yourself while living in Spain.

Please bear in mind that the visa requirements may change, therefore, we recommend that you contact your local Spanish Embassy or Consulate General to ensure that the requirements are up-to-date.

Please note:

Each visa application is reviewed individually, therefore necessary documents may vary. The embassy reserves the right to ask for additional documents at any time. The submission of the above documents does not guarantee the issue of a visa. Submission of an incomplete set of documents will lead to a refusal of your visa application. Once a visa has been issued, the purpose of the trip may not be altered. There is no such thing as an urgent or express visa.

Registering as a resident (all students):

Every student wishing to pursue studies in Barcelona (both European Union and non-European Union students) MUST register as a resident in the city. The process is called empadronamiento and you can register at your nearest city hall. Once registered, EU citizens need to apply for the NIE and non-European Union citizens must apply for the TIE by booking an appointment at the Comisaría General de Extranjería y Fronteras. Please visit the admissions office on campus to register for an appointment. Here you will receive detailed information about the process while double checking that you have correctly filled out the paperwork.

Answers

Mostly As: student dorms

Mostly Bs: private apartments

Mostly Cs: apartment sharing

Student dorms

Living in student dorms allows you to meet new people and gives you a structured living environment without having to worry about household chores and the stress of dealing with rental agencies. Living close to other students helps you adapt to the city and your new lifestyle. This type of accommodation is welcoming and ensures you always have someone to talk to.

EU Barcelona has partnerships with 12 student residences in various parts of the city. The dorms are located in different districts, ranging from a five-minute walk from EU Barcelona to 30 minutes via public transport. Aside from this, there are also many privately run student dorms in Barcelona that offer exceptional service.

If you are planning to arrive at the beginning of the fall semester (October), we recommend that you send your accommodation application to a wide range of residences by May. Thousands of students arrive in Barcelona during fall to commence their studies. Apply for a place in our partner residences immediately after enrollment by contacting our accommodation officer. Placements are limited.

Private apartments

Having your own apartment is something that will appeal to you if you enjoy the quiet, like to be alone and don't want to compromise on personal space. You can choose to get an apartment anywhere in the city without limiting yourself to student dorm availability or location. This type of accommodation is for independent people.

Most apartments are rented through an agency, however renting directly from the owner generally saves

tenants a lot of money in agency fees, which are usually one month's rent in addition to other deposits and commissions. You can contact rental agencies directly or visit websites which post availabilities such as [idealista.com](https://www.idealista.com) or [enalquiler.com](https://www.enalquiler.com) among many others.

Apartment sharing

Sharing an apartment is a popular concept in Spain and a lot cheaper than living on your own. Shared housing is a flexible option and with international roommates, you will be able to learn other languages in no time. But you must be willing to compromise.

If you are interested in this option, we highly recommend you arrive in Barcelona before you commence your studies, in order to meet potential roommates and landlords personally.

For more information about housing, email our accommodation officer at:

accommodation.bcn@euruni.edu

Planning your budget

Barcelona is not an expensive city, but you need to have an idea of what you are able to spend on rent, travel and leisure. You should plan for a living expenditure of at least €1,000 per month. Shared accommodation is around €350 per month while living alone starts from €650 per month. The remainder will be for basic necessities and leisure.

Keeping in touch after graduation provides important professional contacts, as alumni Julian Marquardt Baladurage and Danielle Prieto can attest to. After graduating from EU, Prieto joined Baladurage's technological solutions company, MBI Integrated Technologies, and they now enjoy an excellent working relationship.
